**127-129 CONVENT AVENUE**  
**RUTLAND, VT 05701**

Dear Class of 1983,

This is a year of beginnings, beginnings for you and beginnings for me. As I told you on our first day of school, I could not think of a better senior class with whom to share my first year as principal of M.S.J.

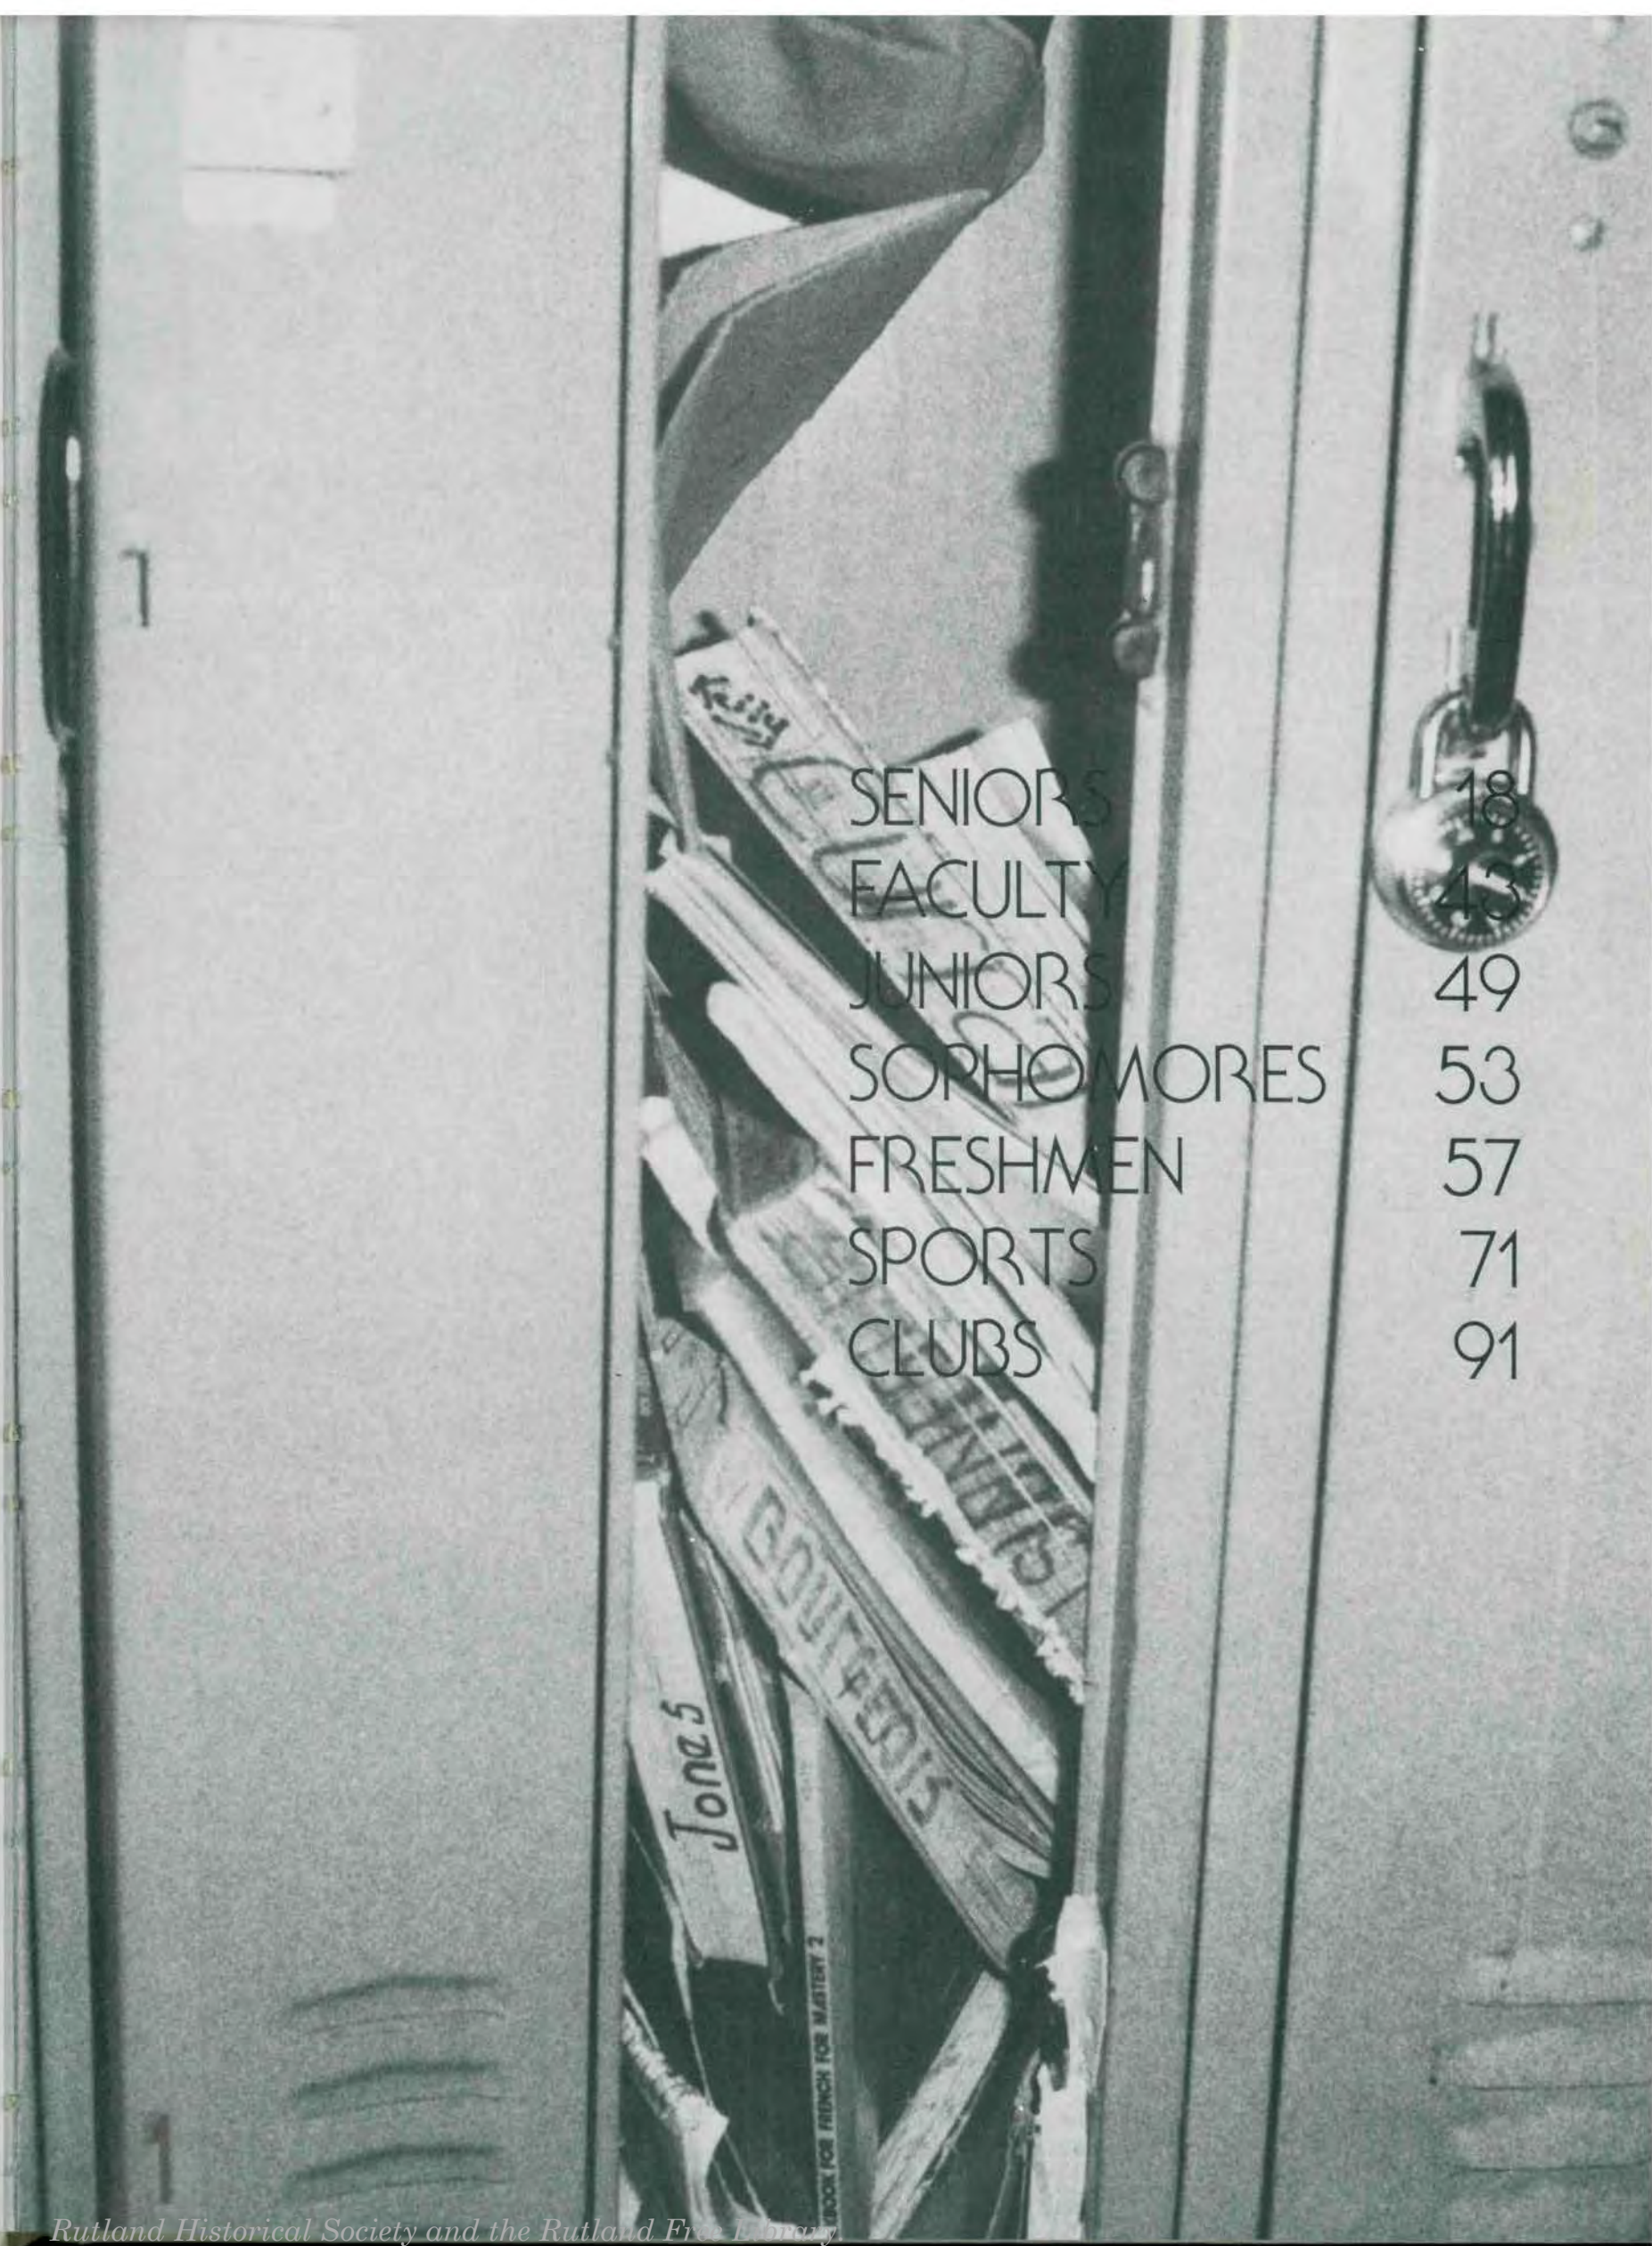

This is also a year of beginnings for all of you, beginnings in new relations, beginnings in stretching old bonds so they can reach from Rutland to wherever you may be.

Many prayers and hopes and dreams are part of your life, will be part of your living. Love formed you in your mother's womb, love held your hand as you took your first step, love watched you go to school that very first day and it is love that lets you go free as you leave M.S.J. and walk your path to live your life.

Your own life is the most precious gift you have. Guard it, cherish it, and when you can, share it. At that moment all who have loved you, all who have given you so much will be repaid. And that is good - that is God's way.

Peace and Love,

*Jr. Bombardieri*

# A TRIBUTE TO FATHER LAVALLEY

Father Richard Lavalley has departed from M.S.J. for a new beginning but leaves a lasting impression on the minds and hearts of his parishoners, faculty members, and students. We, the class of 1983, were able to share our lives for three years with a man of great influence and devotion. Father touched our lives with an air of dignity and integrity. His words constantly follow us through every passing day. He emphasized that M.S.J. is not a building but "WE ARE M.S.J." which helped formulate a strong and binding M.S.J. community.

He guided us as frightened and lost Freshmen to a new life at M.S.J. We became aware of ourselves and our potential because he believed in our abilities and made it apparent that we should strive to become the best persons we could. He gave us his love and courage which aided in making our struggle to grow a little easier. We shall miss Father Richard Lavalley, but we shall cherish the moments we have shared together and we shall remember the happiness that was bestowed on us. — dsb

# DEDICATION

In past years, the yearbook has been dedicated to only one person. This year, we wish to honor two people, not only for their involvement in our school, but particularly for the many years they have spent serving the student body as well as the M.S.J. community. Both Sister Shirley Davis and Mr. Sam Rizziere are people who represent the characteristics that assure the continuance of M.S.J. - through their service, their interest, and their concern for our well-being. These qualities that they portray best exemplify the M.S.J. spirit. Because of their constant support, we, the class of 1983, take great pride in dedicating our yearbook, the 1983 Mount, to them.

Often the yearbook is referred to as strictly a senior book. This year, however, we wish to emphasize the fact that as we leave M.S.J., we don't leave with only the memories of our class, but the memories of our four years spent at a high school that we were a part of for more than just a six hour school day. In graduating, we leave behind us the building where we attended classes but we take with us much more. For it is the spirit and unity of our school that we will most often look back on. We hope that as the months and years come to pass, you will occasionally flip through these pages and remember friendships, laughter, and smiles all experienced at the Mount.

Take care,  
-Kelly & Anne

## MSJ PARENTS & FRIENDS CLUB . . .

Founded way back when as the **Mothers and Fathers Club**, later known as the **Parents Club**, the **M.S.J. Parents and Friends Club** is a vital and visible part of our school. P.F.C.'s philosophy, its people and its goals all center on raising money and enthusiasm for M.S.J. Our thoughts and thanks go out to the hundreds and hundreds of M.S.J. mothers, fathers, Parents and Friends who have united to work so hard for so long for M.S.J.

## MSJ SCHOOL BOARD . . .

The functions of the Mount Saint Joseph Academy School Board are many and varied. The members are charged with the difficult responsibility for financial planning and fiscal solvency of the Academy, as well as, curriculum and faculty development, maintenance and improvement of buildings and equipment, long range planning, coordination of the many groups assisting the Academy and overseeing school policy. Their other tasks and responsibilities are too numerous to mention. Their tireless effort bespeak an unshaken commitment to the enduring worth and continued existence of Mount Saint Joseph Academy.

# MORE THAN JUST

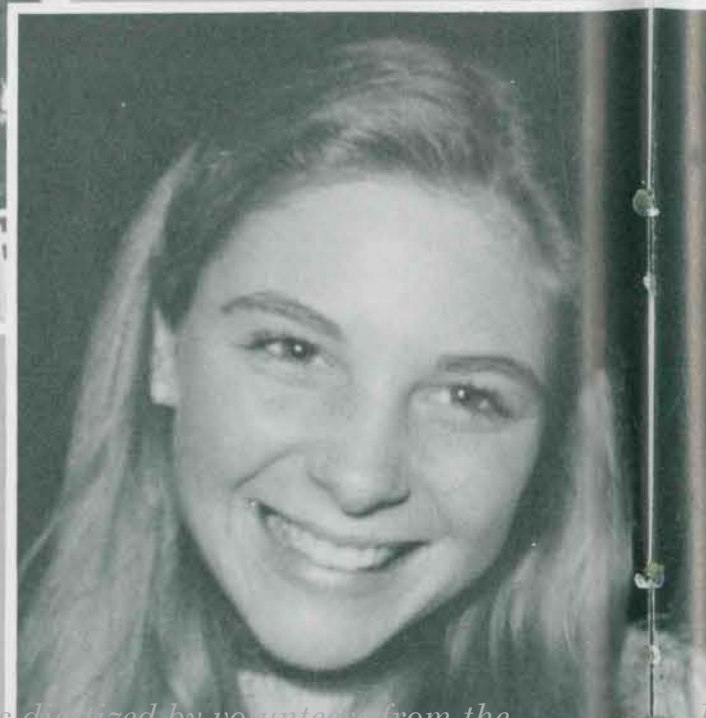

# A MEMORY . . .

It seems so strange,  
It's been four years,  
And we're all seniors now.  
Remembering our freshmen days  
Seems impossible somehow . . .

Our friendships grew  
And we did too,  
As each special year went by.  
The memories of all we shared  
Make it hard to say goodbye . . .

The faculty's words of wisdom  
And support that they have shown,  
Have been greatly appreciated,  
More than they have known.

# TEACHERS AS FRIENDS

# CLASS OF 1986

The class of 1986 marks the hundredth Freshman class to enter Mount Saint Joseph Academy. The school we attend each day for four years of our lives has seen a century of our classes grow and change under its roof. We hope, in the future years and decades, the forthcoming classes to attend the Mount will keep the tradition of freindliness and togetherness alive.

## KEEPING SPORTS ALIVE . . .

The MSJ Athletic Association is more than just a fund-raising group. It is because of these people that athletics are possible at the Academy. Their interest and dedication provide students with the athletic aspect of high school. Continuous fund raisers over the course of the year, entrance fees at games, chicken barbeques, a Winter Tasting Supper, dances, food booths at the fair, the Adult Minstrel, Shriner activities, and the 50-50 club raffle are among the many activities that represent the hard work each member puts forth. Though their devotion often goes unnoticed, the fact that things are kept going seems to be reward enough. Athletics are an integral part of high school and it is because of these people who give so willingly of their time, teams continue to function at MSJ. These men are truly the backbone of the MSJ athletic program.

We'll get them psyched!!

## "IT'S NOT JUST A GAME."

Though the football team finished with a record of 6-4, they did far better than the record suggests. Led by the traditionally excellent coaching of Mr. Cioffi and Mr. Zingale, and the captains; David Notte, Jimmy Miles, and Rob Liscinsky, the Mounties made it to the State Game. On November 13 at the Alumni Field, the team fell to South Burlington in a tough game but held the title of State Runners-up for 1982.

## Track + Running

People have joined the seasonal running teams at MSJ for various reasons: to become or remain conditioned for another sport, to get "in shape", or to compete seriously against other schools. The teams are reaching a point now where they can go to a meet and run competitively as a team. The teams have done well in the past, and with the talent and dedication that are present, they should continue to do well in the future. Tom Heffernan and Peter Gallagher have been the force in building a program such as this one.

## Everything in Place at MSJ?

The boys' hoop team had the elements of success: potential, experience, and talent. It would seem that everything was in place at Convent Avenue. It was just a matter of putting it together on the court. With the desire and attitude of the Mounties, Mr. Kelley should consider his sixth season a "winner"

Girl's hoop at M.S.J. is at more than simply a developing stage. Keeping a perfect record of 0-16 (Varsity) and 1-15 (J.V.), the Mounties might have set a school record by being the first team to lose so consistently. It came to a point where the girls adopted the philosophy, "It's not whether we win or lose, it's how much we lose by". Overall, it was a season whereby each player became more familiar with the agony of defeat.

## CROSS-COUNTRY SKIING

Although the ski season got off to a late start this year due to lack of snow, both teams were able to "take it in stride" and make do with what little snow they had.

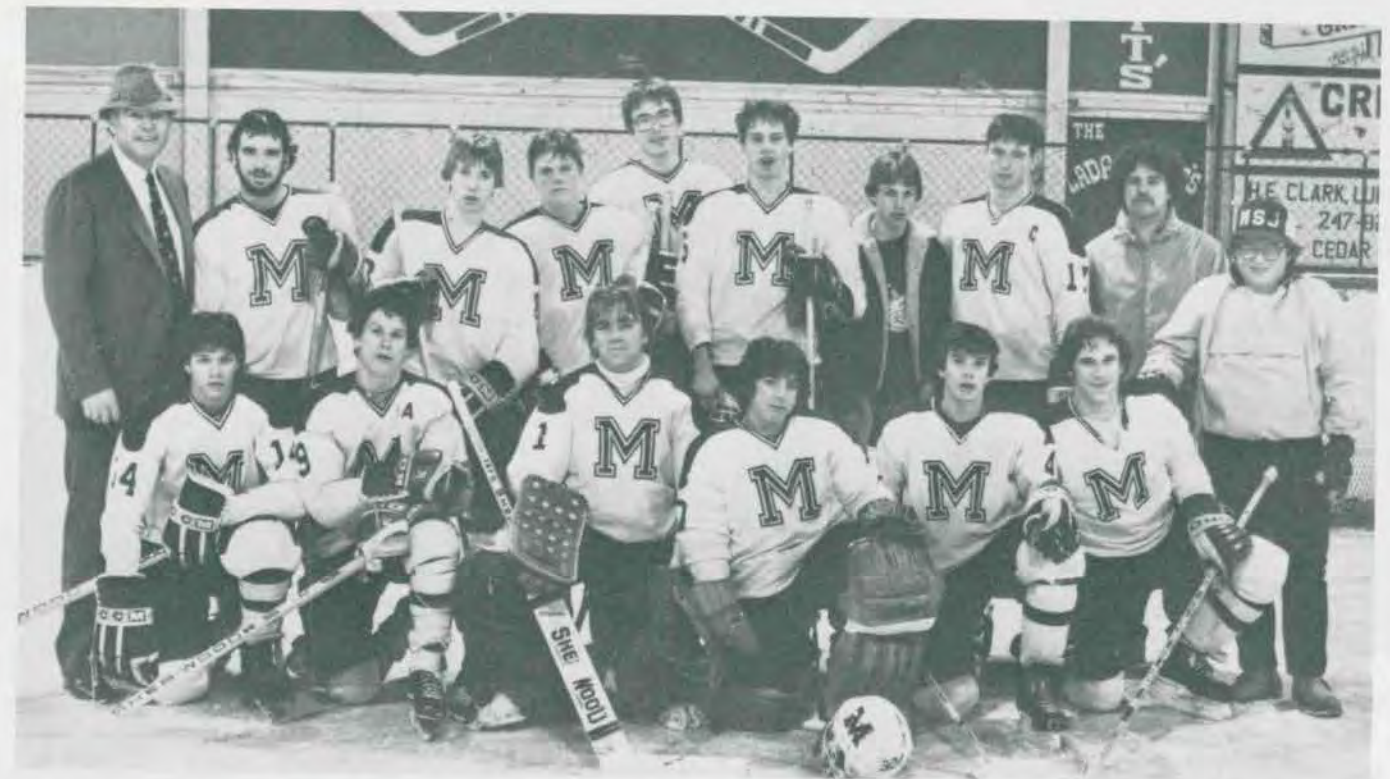

The cross-country team worked longer into the season than usual on roller skis. Even though the team is lacking in number, it is apparently not lacking in dedication. Snow finally arrived at Mt. Top and the team travelled to the ski area each day for practice.

The alpine ski team proved to be strong again this season, managing to wipe any competition off the slopes. Having an abundance of talent, the team was able to put any combination of skiers together and still prevail.

The M.S.J. Hockey team had begun the season with a streak of bad luck but drastically transformed their season into a seven game winning streak to become eligible for an eighth seed in the quarter finals. Though it ended in a 5-2 defeat, the young Mounties overcame many obstacles through the season. They kept faith in themselves and proved to have a winning season when the odds seemed to be against them. Their record of 8-9-0 was a mere statistic in comparison to the success they accomplished.

For decades, cheerleaders have been a major part in the presence of school spirit. At MSJ, the cheering squad carries on the tradition by their faithful sideline support. Whether it be Saturday afternoons at fall football games, winter nights in the Convent Ave. gymnasium, or Friday night pep rallies, their enthusiasm sets the mood.

## THE FOOTBALL GAME THAT NEVER WAS M.S.J. SENIOR GIRLS V.S. R.H.S.

Each year after the traditional clash between the varsity football teams of Mr. Sr. Joseph and Rutland High School, the senior girls of these two schools partake in a game of flag football. This year, however, Rutland High School regrettably bowed out of the friendly competition due to lack of enthusiastic players.

We would like to thank the members of the varsity football team who devoted their time and effort to coach the M.S.J. girls' football team.

The Student Senate is a governmental organization that strives for the good of the M.S.J. community. It consists of four elected representatives from each class and a president who is elected by the entire student body. The Student Senate also consists of two faculty advisors, Ms. Sullivan and Mr. McCue. The current officers are: Debbie Bourgeois, President, Maureen Gallagher, Vice-President, who is a member of the school board, Mari Omland, Treasurer, and Amy Sullivan, Secretary.

The Student Senate has been responsible for maintaining past traditions and formulating new ones. They have raised money for M.S.J. through the Walk-a-thon, which is an activity that was started last year. They, also, had much success with the Project Hand-n-Hand and Project Help. They have been involved in other activities that have proven to be successful. With the help of the other members of the Student Senate and the entire M.S.J. community, they have been able to have a commendable year.

The Drama Club's first year agenda included the organization of the Intramural Play Festival and various fun raising activities, maintenance of the stage and equipment, and the promotion of theatrical events produced in the area. This club has had a great beginning and is looking forward to establishing yet another dimension of the dramatic tradition at Mount Saint Joseph Academy. The formation of this club would not have been possible without the endless hours of help from Mr. Arthur Mitiguy and Mrs. Jennifer Bagley.

The Intramural Plays are an inter-school competition among the four classes. Each year the individual classes present a One-Act play that is reviewed by various judges for technical and lighting presentations along with the acting and acoustics performed by the students. This year was more involved because there was an All-Star School Cast chosen, and recognition was given to the best actor, actress, supporting actor and actress. Many thanks are given to Mr. Miriguy and Mrs. Bagley for their profound interest in the continuing development of the drama program at M.S.J.

Freshmen arrive with remnants of Junior high school attire and a newly purchased wardrobe that they (and their now bankrupt parents) hope will last for the next four years. Somehow, there is a lack of resemblance between these wonderfully dressed fourteen year olds and the manequins in the shop windows and the models in **Seventeen**. The boys, always ever so practical, opt for the basic corduroy trouser, appropriate for any occasion, sneakers, and a multitude of rugby or polo shirts in a wide variety of colors.

Now Sophomores realize their new found wisdom and worldliness. They retain their Freshmen wardrobes (after all, you told your parents that these clothes would last for four years! At least wear them for two.), and add a few new investments. The eternally sought after Geiger jacket is usually added at this stage and many of the male species resurrect Dad's old skinny tie to add a touch of nonconformity.

The slight traces of nonconformity found in the students as Sophomores, come to full light during the Junior year. This need to nonconform is manifested in the wearing of such articles as bowling shoes, pins bearing the names and insignias of the latest punk rock group and shirts bearing some off color expletive in Chinese.

Senior year, the culmination of one's academic, social and fashion activities, brings us as many different styles as there are Senior students. By this time, each stage of fashion has been completed by each student and he has found his own style.

Some have become fixated in the Prep stage and would rather die than wear socks with deck shoes or anything not derived from the cotton plant.

Others go for the defiant, punk rocker look and take the jeans jacket and assorted pins for their garb.

There are businessmen and women, and on the other end of the spectrum, one can find a few of the more militant nonconformists skulking around in army fatigues or camouflage trousers and matching accessories.

Just as one passes through the stages of academia, so does one pass through stages of fashion. As the class of 1983 graduates, it is safe to say that all students have bred their own style of dress and will be remembered for it in the years to come.

The M.S.J. students are not only involved in academics and athletics, but also in the fine arts, specifically dance. Many are members of the numerous schools of Dance in the Rutland area. A wide variety of styles is popular with M.S.J. dancers, including tap, modern dance, jazz, and classical ballers.

The hidden talents of these students are demonstrated by recitals of the various Schools of Dance, performances by the Vermont Chamber Ballet Company, and productions of M.S.J. musicals and minstrels.

Dance has become a very popular means to exercise, strengthen muscles for sports, and to acquire grace and flexibility. It is a definite asset for M.S.J. to have so many dancers in its midst.

Yes, only 15% of you passed!

You all failed ...

We need vacations too!

Believe me, school is really a safe return.

The yearbook staffs would like to take this opportunity to thank the many people whose help often goes unnoticed when putting a yearbook together.

We owe a very special thanks:

To Gary Bouchard whose time and patience were greatly appreciated. His proficient photography and overnight developing were always a crucial part in meeting deadlines.

To Mr. Tim McCue and Brian Justin for their on-the-spot photography. They were always present with their cameras when the occasion arose.

To Margie Canary who always came through with the last minute information that was needed. We always ended by consulting with Margie in the office for names and facts.

To Mark Saks for his guidance and assistance on technical questions concerning the yearbook. As a Josten representative, he linked us with the factory.

Finally, to Mrs. Sandra Coyle and Mr. Joseph Flory, the advisors of the two boards. Needless to say, the yearbook would not be complete without them.

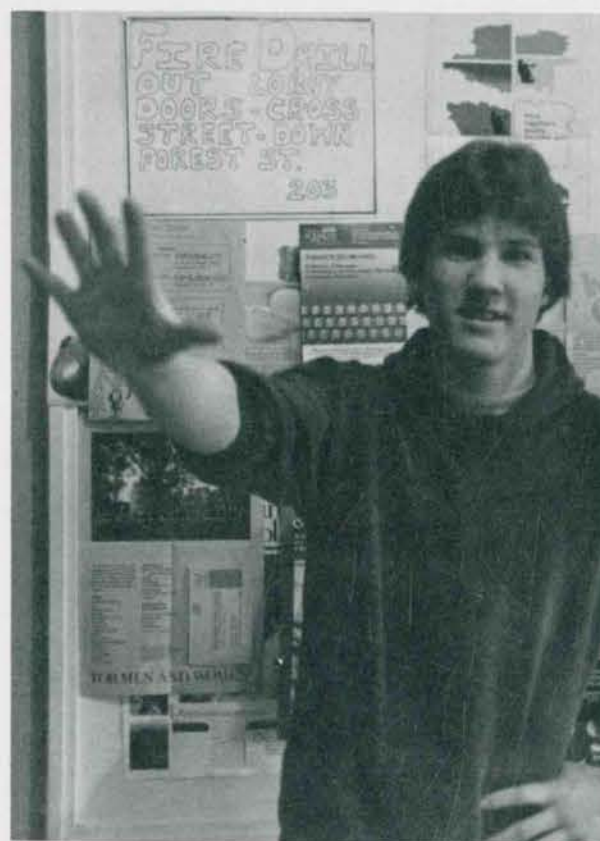

To these people and everyone who played a role in the preparation and the completion of the yearbook, we extend our gratitude.
